

California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for almost 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for any (and every) space.

Everything to the table

When you want cohesion in spaces large, small, shared or separate, there's Parallon. It's a single collection with a singular look, offering an array of choices for a variety of environments – and all the features to fit.

Meeting

When you work together, good things happen. Our Parallon meeting + conference tables help connect your space-to-space design story.

Training

Ensure design is never a distraction in the places where everyone needs to focus. Parallon training tables give you a well-balanced blend of form, function and features.

Café + Occasional

Continue the cohesion even when it's time to “take five” from meeting or training. Our café + occasional tables help carry the design into your casual and touch-down spaces.

Features + Options

We developed Parallon entirely in-house (from the ground up) to provide a broad yet curated collection that's super easy to specify. Training, café or occasional – you choose from an array of table types, tops, bases and more.
